Dear Parents/Guardians,

February 2016

Re: **Curriculum Completion Day: #2 – Friday, February 26<sup>th</sup> @ 12:11 - 2:50 pm**

Each middle school in our school district will be holding 1.4 Curriculum Completion Days again this school year. These days are intended to provide an opportunity for students to catch up on incomplete work. This is to be a positive opportunity for students to complete work in a supportive environment and is not to be punitive in nature.

Our second Curriculum Completion afternoon is scheduled for the afternoon of **Friday, February 26<sup>th</sup>**. For students who have incomplete work, this is an opportunity for them to complete assignments prior to the second report card. Students who are up-to-date with all school work will not be required to attend school that afternoon; however, parents may choose to have their child attend regardless of the status of their work.

Please complete the parent section below and have your child return the tear-off sheet to his/her Advisory Teacher. This will allow us to keep an accurate record of attendance.

Sincerely,

Nadine Naughton  
Principal

Dear Parent,

This school year, School District 61 has partnered with the J.W. McConnell Family Foundation on *WellAhead*, an initiative that aims to improve child and youth mental health by advancing social and emotional wellbeing of school communities. Throughout the fall, students, parents, teachers, administrators, and community partners got together and brainstormed ideas that could be implemented in the school setting to advance this goal.

We have now selected an everyday practice from the list of ideas and we will be implementing it throughout the remainder of the school year. For a list of the top 5 ideas you can visit [here](#)

Throughout the spring, we will be looking at how we can improve this practice and increase the chances of making a difference for the children and youth in our school community. As part of this process, we will be collecting information, through an anonymous survey, on student's social and emotional wellbeing, as well as asking students for their perspective on how to improve the practice.

The WellAhead team will be helping us to collect and make sense of the information we collect in the survey. More information on the WellAhead can be found at [www.wellahead.ca](http://www.wellahead.ca). If you have specific questions about the initiative or the anonymous survey, or wish to opt your child out, please contact us directly at **250-386-8367**.

Sincerely,

Nadine Naughton
