

Shoreline Storm Athletics

Student - Athlete Contract

The sports program at Shoreline Middle School is not only an exciting and enjoyable experience for all those involved, but also a privilege. Student-athletes assume personal and team responsibilities that carry with them specific expectations. Student-athletes are required to meet these expectations at all times.

These expectations include:

1. **Fulfilling all classroom expectations.** Classroom teachers and coaches have the right to remove student-athletes from team responsibilities (games and practices, etc.) in order to meet these expectations.
2. **Attending all practices and games.** If a practice or game is missed without a written note explaining the absence the student-athlete will not play in the following game.
3. **Representing Shoreline as an ambassador.** Whether traveling to away games or playing home games, student-athletes are expected to uphold the Code of Conduct. Failure to do so may result in removal from the team.
4. **Exhibiting the qualities of fair play.** Student-athletes are expected to treat all officials, opponents, parents and coaches with respect. Failure to do so will result in the loss of playing time.

I, _____, have read the Student-Athlete Contract and by signing accept the responsibilities and consequences that come with being a student-athlete at Shoreline Middle School.

Signed: _____
